Budget Estimates of the Corporation for 1954-55

---

11) The modifications suggested by the Commissioner, S/A & and the adopted the following further points are also for consideration and orders -

1) Property Tax. The Corporation has anticipated an increase of Rs 11,53 200/- under this head based on a collection of 90% in the city area and 95% in the civil station area the anticipations are rough. Last year while approving the Budget Collection was taken at 80% of the demand and a provision of 11,50 000/- was allowed the actuals are 11, 60 000/ being very near what was allowed to stand for this Govt. Even in the best efforts the Collections may not be taken above 85% average for which the area in which case the provision will get reduced by Rs 34 940/- If the increase approved Circular Notification will have to be made under Sanitary Cess, water tax and Lighting Tax

	2) Octroi duty:
	An increase of Rs 3,35,000/- is anticipated by levy of octroi on New articles and certain other additional articles. The ~~Corporation has~~ levy of octroi on these items is still in the proposal stage. Objections have been called for. So far now there have been strong protests also against the proposal, particularly from the Mysore Chamber of Commerce. It is financially not correct to make provision in the Budget when the tax has not come to be actually levied. The relaxation of this provision is sought for.
	If any of the above items are deleted, the revenue will get reduced by over Rs 4 lakhs resulting in a minus balance of about 3 lakhs as against a minimum closing balance of Rs one lakh to be maintained under the Act. So the provision under

7/5 14) Recoveries under the Head "Property Tax" can be expected to be up to 85% as against 80% provided last year collections also came to 80% therefore reduction in the percentage of recovery from 95 to 85 is absolutely essential

Octroi Expectation of recovering Rs 3,35,000 from the import of Raw-cotton, wool and other additional articles, is too ambitious In the absence of the levy hitherto, it is better to be very conservative in the matter of realising a heavy amount under this Head Last year Rs one lakh was provided I think it is very reasonable to reduce the

Provision under this Head from Rs 3 35 000/- to Rs 1,00000 If any amount over and above Rs100 000 is realised, then the Corpn may be allowed to spend that excess amount for Public Works therefore the Provision under Public works which is Rs15,19,000 has to be reduced by Rs 2 35 000/-

Submitted

The Controller of States Accounts at the time of discussion of the Budget for 1954-55 suggested that notes may be put up on the following items

(1) Duty on Transfer of Property
(2) Advertisement Tax
(3) High School fees
(4) Sale of Manure
(5) Rent from Settlements Account
(6) Breaching of Tanks

Re Item 1 - DUTY ON TRANSFER OF PROPERTY

A duty on transfers of immovable property was levie by the City Municipality in the form of a surcharge on the du imposed by the Mysore Stamp Act 1900 on instruments of sale, gift, etc at half per cent on the amount of consideration on such instruments, the value of which exceeded Rs. 2,500
In the Civil Station, the duty was similarly levied but the rate being 2 % on the value exceeding Rs. 5,000 After the formation of the Corporation, levy as above is being continued under the Transition provisions of the Corporation

On 12-3-1954 the Secretary to Government, L S G ar Planning Departments, wrote to state that as there have been repeated complaints of differences in the rate of surcharge levied on the registration of documents as between City and Civil Station area and as it is past 4 years since the Corpo has come into existence and the perpetuation of this distinc even now is improper, a common levy under the Corporation Ac has to be introduced immediately for the entire Corporation The Corporation have accordingly, at their meeting held on 31-3-1954, resolved that the duty on transfer of property be raised to 2 % in accordance with sub-section (1) of Section read with section 142 of the City of Bangalore Municipal Corporation Act 1949 and that the Commissioner be directed t publish a notice inviting objections from the public
A notification has accordingly been issued giving time till 15-5-54 for the public to submit their objections

Originally a sum of Rs.1,40,000 was provided in the draft Budget for 1954-55 and this was subsequently revised to Rs.2,00,000 by the Budget Standing Committee on account of the above proposal and this provision has been approved by the Corporation

(2) ADVERTISEMENT TAX - According to Section 97 (g) of the City of Bangalore Municipal Corporation Act, 1949, a tax on Advertisement may be levied with the previous sanction of the Government As soon as the Corporation was formed, this levy was embodied in the several proposals of the levy of taxes based on the provisions of the Corporation Act All other proposals were given effect to from 1-10-1950 But when the sanction of the Government was sought for for the levy of the Advertisement tax, based on sliding scale in respect of various modes of advertisement, the Government directed that a set of bye-laws be also drafted and sent to Government along with the proposal for sanction, after observing the necessary formalities in this regard A set of bye-laws was framed after getting particulars from other Corporations After preliminary approval by the Copporation they were published for objections and suggestions Objections have been received from various bodies They have been sent to Corporation Advocate for scrutiny and return They will be shortly placed before the Corporation and sent to Government for final approval In any cas there will not be any difficulty in giving effect to it from 1-10-1954 The anticipated revenue in respect of this item will be more than Rs.50,000 per annum and provision of Rs.25,000 made in the Budget for 1954-55 is in respect of the period 1-10-54 to 31-3-1955

(3) HIGH SCHOOL FEES - A statement showing the amount of anticipated income under school fees is put up As the same has been worked on the basis of the strength of each section, now in existence, the amount provided may be retained

(4) SALE OF MANURE - According to the highest bid amount in res of sale of manure both for City and Civil Station area for 1954-5 the amount worked out to Rs.1,02,500 A further sum of Rs.12,000 is anticipated by way of sale of compost manure Hence in all a sum of Rs.1,12,500 is provided in the Bud et

(5) RENT FROM SETTLEMENTS ACCOUNT - The erstwhile Municipal Commission constructed a series of model houses to house poor families out of grants sanctioned by the Civil Station Government One of the conditions for payment of the grant was that the rents realised out of these houses should be earmarked for construction of more houses and to improve such localities by constructing schools, forming roads etc for the use of the inhabitents of that colony

As will be seen from the Budget estimates for 1954-55, the financial position of the account is as follows -

Opening balance for 1954-55	-	1,30,977
Receipts	-	95,000
		2,25,977
Expenditure - Establishment and Works		1,55,500
Balance		70,477

The above balance is merged in the Revenue Account Balance

(6) BREACHING OF TANKS - KEMPAMBUDHI TANK IMPROVEMENTS -

In pursuance of a letter dated 11-12-1952 received from the Secretary to Government, Local Self Government, forwarding a copy of letter dated 20-11-1952 received from the Mysore Madivala Sangha addressed to the Chief Minister regarding the above, and as per instructions of the Chief Minister, an estimate for Rs.59,000 for construction of a dhoby ghat behind Kempambudhi Tank was prepared and placed before the Corporation who at their meeting held on 20-4-1954 resolved that the estimate and plan be approved and that a sum of Rs.30,000 being 50% of the estimated cost be provided in the budget for the purpose and that the Government be requested to contribute the other half of the estimated cost and that the work may be taken up forthwith A letter is accordingly being sent to Government to sanction the contribution

5 Provision for expenditure on public works has been cut down to balance the reduction made under octroi and property tax on the receipts side If any excess receipts over what has been provided for in the Budget are realised, the Corporation may utilise the amount for expenditure on public works

6 The following defects are noticed in the preparation of the estimates -

(i) Provision for tax on Government buildings is made under C Water Supply and Drainage Accounts which should be accounted for under 1 Management, General Taxation

(ii) A sum of Rs 95,000/- is anticipated under V Remunerative Enterprises, 5 Land Development towards rent for Settlement Account and a provision of Rs 1,55,500/- is provided under the same head on the Expenditure side also From Annexure H it is seen that the Rent from Settlement account has a running balance and it is ascertained that this head of account represents the rent realised on certain Corporation buildings ear-marked for construction of new buildings The transactions under this head are in the nature of debt heads and should, therefore, be accounted for under debt heads and not under service heads as at present

(iii) Though Government/observed in their letter No L 3175-76/ C M 15-53-6 dated 11-6-53 that the reconciliation of the cash account balances under debt heads with the ledger accounts should be attended to, it is seen that the debt head accounts

still continue in the same condition The Corporation has to take immediate action in this behalf and see that the debt head balances are reconciled without further delay

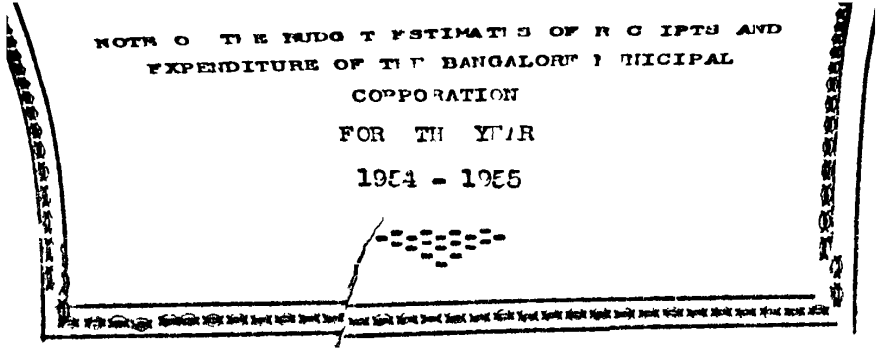
FOR THE YEAR

1954 - 1955



DETAILED EXPLANATORY NOTE ON THE BUDGET ESTIMATE OF THE MUNICIPAL CORPORATION OF BANGALORE, FOR THE YEAR 1954-1955.

Revised Estimate 1953-54	...	Rs.16,00,000
Budget Estimate 1954-55	...	Rs.22,35,000

The revised estimates for the current year is based on the 8 months' actuals which amount to Rs.11,96,500. Owing to Market fluctuations, unsettled Market conditions and on account of tightness of money market there has been a fall in revenue. As the huge stock of piece-goods now with the merchants is expected to be sold within the remaining part of the current year and fresh consignments would be imported next year, receipts for the year 1954-55 is anticipated to be about Rs.19,00,000. In addition to this a sum of Rs.3,35,000 is anticipated on account of the proposal to levy - octroi duty on Raw Wool and Raw Cotton; Petrol, Diesel Oil etc., on ~~aerated~~ cosmetics and Perfumery and also on Electrical Goods.

Revised "	1953-54	...	Rs.9,300
Budget "	1954-55	...	Rs.15,300

The increase in the Budget Estimates for 1954-55 is on account of the increased revenue anticipated due to the proposal to increase the rate of License Fees on Tobacco dealers as detailed below:

Budget Estimate	1954-55	...	Rs.1,00,000

According to the actual expenditure up to the end of November 1953 a sum of Rs.35,113 only has been refunded Considering the bills on hand

and the claims that may arise before the end of the year, a total provision of Rs.1,00,000 is considered enough A similar provision is made for the Budget year.

4. (3) Profession Tax (Page 6).

Budget Estimate ..	1953-54 ...	Rs.1,00,000
Revised Estimate ..	1953-54 .	Rs 1,12,500
Budget Estimate .	1954-55. ..	Rs.1,50,000

The provision made in the Revised Budget is based on the actuals for the past eight months and the probables for the remaining four months while the provision made in the next year's budget represents the anticipated realisations.

Budget Estimate ..	1953-54 ...	Rs.9,17,000
Revised Estimate..	1953-54 ..	7,12,000
Budget Estimate	1954-55 ..	4,38,800

This tax otherwise called Amusement Tax was levied in the City Municipality under the provision of the Amusement Tax Act. The levy and collection is made by the Deputy Commissioner of the Government and the proceeds are remitted to the Municipality in the following year after deducting 12½% of the entire revenue in lieu of collection and other charges. In the Civil Station the levy and collection was made by the Municipality since 1933. After the formation of the Corporation, the provisions of the Amusement ~~Tax~~ Tax were ap lied to the Civil Area also

also with the result that the levy and collection in respect of the entire area are now being made by the Government and the Corporation gets the subvention only after the lapse of the year. As the collections are not satisfactory and there is leakage of revenue, the Corporation have moved the Government to transfer the powers of levy and collection to the Corperation itself.

Provision was made in the Budget for current collection inclusive of arrears due by Government on the assumption that the Government will pass early orders entrusting the collection work to the Corporation. As this has not been done, there has been a fall in revenue. The total amount so far received and the amount likely to be received before the end of March 1954 is estimated at Rs.7,12,000 as noted below:-

Arrears for 1946-47	..	Rs 1,52,188-6-0
1952-53	..	2,50,450-7-9
Race Club Current	..	33,893-8-0

7,12,537- 3-6 or Rs.7,12,000
in round figures.

The estimated collection for the year 1954-55 is Rs.4,38,800. This represents the normal subvention of about Rs.4 lakhs for the period 1953-54 and the arrears of entertainment tax viz., Rs.38,800/- collected from Race Club for the periods prior to 1946-47.

6 Duty on Transfer of Property (Page 6)
(Surcharge Stamp Duty)

Budget Estimates .	1953-54 .	Rs.1,80,000
Revised Estimate ..	1953-54 ..	1,18,000
Budget Estimate .	1954-55 .	2,00,000

A duty on transfers of immovable properties was levied by the City Municipality in the form of a surcharge on the duty imposed by the Mysore Stamp Act 1900 on instruments of sale, gift, etc., at half per cent on the amount of consideration on such instruments, the value of which exceeded Rs.2,500. In the Civil Station, the duty was similarly levied but the rate being 2% on the value exceeding Rs.5,000. After the formation of the Corporation, levy as above is being continued under the Transition Provisions of the Corporation Act. But the Corporation have decided to fix the levy

levy at a uniform rate of 2% for the entire Corporation area. Hence th provision is correspondingly raised to Rs.2,00,000.

7. Excise Surcharge Fees: (Page 6)

Budget .. 1954-55 ..		...

The sum of Rs,3,500 shown in the Revised Budget represents the collections in the City Area for the period ending July 1953. As the Government have since ceased the levy of the duty, no further remittance is anticipated.

8. Advertisement Tax. (Page 6) .

The Corporation have resolved to levy a tax on Advertisements under Section 97(9) of the Corporation Act. As this levy is expected to be sanctioned early, a nominal provision of Rs.25,000 is made in the Budget for 1954-55.

The above four items are recoverable from Government year by year under Road Traffic Act. The total amount collected in any particular year less collection charges will have to be paid to the Corporation. Unfortunately for the Corporation the figures for these items of revenue were calculated and fixed during 1935-36 at Rs.67,865. This works out to less than half of that for the Civil Station although City Area possess more than double the number of vehicles in the Civil Station. The Revenue at derived from the Civil Area is Rs.1,55,150.

The Government were in the above circumstances requested to revise the compensation based on the amount payable for the Civil Station area and provision was made in the Budget taking

[redacted] based on the amount payable for the Civil Station area and provision was made in the Budget taking into account the revision of the contribution and the arrears that would become due.

In order to enable the Government to finalise the compilation of accounts, which has been pending for many years, the Corporation appointed 3 Clerks. They have completed the figures relating to Service Tax and Mileage Cess. Detailed statements of Service Tax for the period from 1936-37 to 1952-53 for Rs.1,52,751-4-0 have been forwarded to the State Huzur Treasury and the Treasury Officer has informed us that these Statements have been forwarded to the Accountant General for arranging early payment.

The temporary clerks referred to above are now at work for compilation of accounts pertaining to Mileage Cess and as per figures compiled by them an approximate income of Rs.80,000 is expected to be received before the end of current year and provision is made accordingly in the Revised Budget.

As for the provisions made in the Budget for 1954-55, they are our normal income.

In this connection, it may be stated that if the Government revise

revise the compensation, the Corporation can expect an additional revenu of nearly two lakhs.

14.(e) Maintenance of Military Roads .. (Page 9).

Budget ..	1953-54 ..	Rs.25,000
Revised ..		16,500
Budget	1954-55 ..	25,000

This represents the contribution payable by the Military for maintenance of roads of Military importance. The contribution is limited to the actual expenditure not exceeding Rs.25,000 per annum. The amount provided in the Revised Estimate represents the expenditure incurred by the Corporation during 1952-53.

As a provision of Rs.25,000 has been made in the current year's budget under the above head, and it is presumed that the full amount will be spent in this year, a like sum is anticipated as receipts during 1954-55.

15. (f) Maintenance of Trunk Roads .. (Page 9).

A sum of Rs 15,000 per year was usually paid ~~by~~ to the erstwhile Civil Station Municipal Commission ~~to~~ by Government for the maintenance of Trunk Roads in the Civil Station Area. This has not been paid since 15-8-1947 (i-e., from the date of retrecession). This amount was paid for maintenance of the provincial road measuring 12½ Miles in the Civil Area The Government have recently issued an order stating that no contribution will be paid in this behalf as the responsibility of maintenance of these - roads within the Civil Station area rests with the Corporation At the interview with the Chief Minister which the Mayor and the other members of the Corporation had on 11-8-1953, it was explained that it is not the entire responsibility of the Corporation to maintain these roads and that as the Corperation have not sufficient funds even to maintain the other roads, grants from Government are expected.

Budget 1954-55 ..	

Government used to pay every year a sum of Rs.15,000/- as City - Improvement grant for the last several years. The grant for 1950-51 has not been paid as it is reported to have lapsed and it is seen from the State Budget that this usual grant of Rs.15,000 is not provided for. Altogether a sum of Rs.30,000 is due to the Corporation. At the interview with the Chief Minister by the Mayor and certain Corperators it was explained that this is the only grant received from the Government and that in future this grant may not be emitted from providing in the Budget,but it may be increased in proportion to the grant paid to the Mysore City Municipality which is Rs 25,000 as seen from the Budget. However, the usual provision is made in the Revised Budget and also in the next year's budget.

No regular staff has been appointed for the above purpose and the provision in the Revised Budget is based on the actuals. It is hoped that we will realise the amount provided in the next year's budget by extending the services on a large scale.

Budget	1954-55	15,000

The decrease in x income during the current year is on account of the Public Analyst going on leave often and consequently the lesser number of samples taken. It is hoped we will realise a better income next year and hence the increased provision.

23. (b) Conservancy - (4) Dhoby Ghat Fees (Page 11).

Budget	1953-54	Rs.2,000
Revised	"	900
Budget	1954-55	1,000

It was anticipated that on account of the proposal to enhance the

the rates of dhoby ghat fees in the Civil Station area and to have a similar dhoby ghat in the City Area, there would be an additional income. But this proposal is decided to be given effect to during 1954-55.

24. (c) License Fees - (Page 11).

	Budget 1953-54.	Revised 1953-54.	Budget 1954-55.

(2) Soda Factories ..	3,000	2,500	3,000
(3) Hotels and Restaurants ..	30,000 ..	31,000	40,000

The decrease in the Revised Estimate is on account of not giving effet to the increased rate of license fees as per Bye-laws framed for the purpose. As this will be given effect to from 1st April 1954, provision for necessary increased revenue is made in the next year's Budget.

The anticipated arrears of revenue due from Textile Mills is Rs.78,700 and as this amount has not been realised, it is carried over to next year's budget.

25. V. Remunerative Enterprises - 1 Markets.

(a) Market Fees (Gate fees and Ground rent) (Page 12),

Budget	.. 1953-54	..	Rs.1,00,000
Revised	.. "	..	75,000
Budget	.. 1954-55	..	1,20,000

As the proposal to raise the gate fee collections by 50% has not been given effect to, the expected revenue has not been realised. It has been decided that the revised rates be given effect to from 1-4-1954 and with better supervision over the gate fee collections, the provision of Rs.1,20,000 in the next year's budget will be realised.

26. (b) Rents from Shops and Stalls - (Page 12).

Budget	.. 1953-54	..	Rs.2,75,000
Revised	.. "		2,25,000
Budget	.. 1954-55	..	3,25,000

Although the rents of shops and stalls were enhanced, the full amount expected could not be realised as there was agitation from the stall holders for reduction of rent. As the dispute has now been amicably settled, it is hoped to collect a major portion of arrears this year and the rest during next year. This has resulted in the

in the variation of the provisions in the current year's budget and in the next year's budget.

27. 2 Slaughter Houses - (c) Chakna Stalls - (Page 12).

As it is proposed to revise the levy of fees for the above, a nominal provision of Rs.3,000 is made in the next year's Budget.

28. 1.Water Supply and Drainage Account.

1.Water Supply -

(ii) Water Tax on Government Buildings - (Page 14)

Budget 1953-54	..	Rs 1,14,700
Revised "	..	1,14,960
Budget 1954-55	..	17,700

A sum of Rs.1,14,962-1-11 is due from the Executive Engineer, Buildings Division Bangalore. Government have passed orders for adjusting a sum of Rs.79,595-15-11, but the Executive Engineer, Water Supply Division has not agreed on some technical grounds. The Corporation have requested that either the Executive Engineer, Buildings Division may

requested that either the Executive Engineer,Buildings Division may pay this amount or the same adjusted to the water charges due by the Corporation.

The amount provided in the next year's budget represents one year's demand.

29. Taxes on Government Buildings - (Page 14).

Budget 1953-54	..	Rs 1,00,000
Revised "	..	..
Budget 1954-55	..	Rs.1,50,000

There was provision in the Corporation Act to tax all the Government Buildings The Act was amended in June 1951 exempting Government Buildings from taxation. But Government have passed orders that the tax on all Government B uildings from 8-12-1949 to June 1951 may be levied and collected. The Executive Engineer,Buildings Division, was accordingly requested to furnish the valuation of all Government - Buildings. The Revenue Officer has since been able to obtain the necessary statistics and the income on this is roughly estimated at more th Rs 1,50,000. As there is hardly two months for the close of the year,

it is not likely we will be able to realise any amount this year. Hence provision is made for the same in the next year's budget.

30. (iii) Collection of excess Water Charges.. (Page 14).

Budget .	1953-54	..	Rs.5,25,000
Revised..	"	..	6,14,000
Budget ..	1954-55	..	6,15,000

The increased revenue in the Revised Budget is the anticipated realisation on account of (1) adjustment of four quarterly water - supply bills for City Area and (2) the probable excess water - charges collected in the Civil Station Area. A similar provision is repeated for next year also.

31. Special Receipts -- Sale of Sites -- 1,00,000.

There are many sites in the Corporation land which can be sold at favourable rates. It is hoped by disposing some of them, the Corporation will get the amount provided in the next year's Budget.

EXPENDITURE.

32. ESTABLISHMENT.

The increase under establishment of the various departments is due to increase in salary and allowances sanctioned as per the approved allocation statements and also on account of payment of increments, arrears of pay and allowances to some of the staff.
